

MORE ENDURANCE.

The Power X-Change system rechargeable battery is available in 3 versions:

1.5 Ah – standard capacity

3.0 Ah – double the capacity for ambitious projects

5.2 Ah – 4 times the capacity for maximum endurance – unparalleled in the DIY sector

MORE POWER.

Twin-Pack technology for maximum power: For extremely energy-intensive applications 2 rechargeable batteries are simply used in one machine – e.g. in the lawn mower.

So the power comes from $2 \times 18 \text{ V} = 36 \text{ V}$

SHORT CHARGING TIME.

Innovative battery technology – optimized charging – much shorter charging times. The 1.5 Ah battery, for example, is ready for use again after charging for just 30 minutes.

MORE SAFETY.

The Einhell ABS – Active Battery Management System – is setting the standard in terms of safety. The temperature, current and voltage are constantly monitored, not only of the battery as a whole but also of each individual battery cell. This is the maximum possible safety.

The optimized charging process goes easy on the Power X-Change batteries and therefore helps them to last longer.

POWER X-CHANGE.

PUTTING THE SYSTEM INTO BATTERY POWER.

BUY 1 SET.

Start your Power X-Change family!
Buy one set consisting of
Power tool
+ **Battery**
+ **Charger**

START SAVING RIGHT AWAY.

Buy your next power and garden tools **WITHOUT the battery and WITHOUT the charger**
So you'll save with every new tool purchase.

OR INDIVIDUALLY.

The choice is yours: you can also buy each tool and each battery + charger individually.
